- Students fest is conducted and shall be continued to be conducted with more efficiency.
- Online physical education will be promoted to make it convenient to the students who have to travel from long distance.

Students remarks and suggestions

Exposure should be priority

Over all good but need to improve more in infrastructure

Everything is good.. Canteen facilities should improve

This College is the best start for ur Future profession

College fest and extra curricular activities should be there once in a year

Need to improve some facilities in college like machinery and tables. Plus organizing seminars and conducts and industry visits much more often

College infrastructure needs improvement

For extra curricular activities we can also celebrate various days such as Saree day, twin day and many others

Happy that college is taking efforts and is welcome for suggestions from the students, which will take our institute to a better position. And that will be a moment of pride when you see the growth of a school you're part of.

Extra curricular activities should improve

The college is providing us with good facilities but more industrial visits would be appreciated

More workshop needed

Library hours should be extended also parking for two wheeler should be improved

Overall experience is satisfactory .

Academics is good. Could have been more of events and celebrations in college

College is overall good 🙏

College is teaching us lot many new things but is very less involvement in social activities by students so we can learn more through practicals and helping in social

Need of more extra curricular activities

I love our facility they are nice. But this doesn't seems like college it's more like a school so please make the environment like other college

There should be more workshops for everyone and sports practice should be Carried throughout the year under special coaching

More interactive sessions with the Industry and more visitors that would tell us about the industry and our work

Some fun loving activities like dance,music,etc

The college is providing us with good facilities but more industrial visits would be appreciated

More workshop needed

Library hours should be extended also parking for two Wheeler should be improved

Overall experience is satisfactory .

There can be one question about student qualities or interest. This will help starting some new activities.

Academics is good. Could have been more of events and celebrations in college

There should be more workshops for everyone and sports practice should be Carried throughout the year under special coaching

More interactive sessions with the Industry and more visitors that would tell us about the industry and our work

College is teaching us lot many new things but is very less involvement in socail activities by students so we can learn more through practicals and helping in social

interesting , amazing knowledge is pass

Please start a movie club

Photo studio can be better

Infrastructure needs to be improved and others things are excellent

Parking facility should be improved

Overall the department is good

Infrastructure for jewellery department is the biggest requirement needed (labs)

Sports should be practiced by all the students in college. More of cultural events should be celebrated since we're in a fashion school.

Reduce the lectures timing !

Overall Good , need to work on roads!

Compulsion for some outdoor activity sport .

College should arrange more outdoor activities and sight visits

I think overall the college has really good faculty and good working conditions

library book issue time must be extended for atleast one hour after college, and since construction work can only be done in college even construction lab timings should increase

All responses are recorded in google form and can be produced as and when required by the officials/management
