Sr.No	Give three observation / suggestions to improve the overall teaching – learning experience in your institution. (Kindly restrict your response to teaching learning process only)
1	Using more examples from past papers. Solving the past papers with a marking scheme. Providing more resources for the subject.
2	No Suggestions
3	Excellent
4	Teaching is good
5	Students should be allowed to explore the subject practically
6	Nothing i can think as of now
7	Should be more interactive for students
8	Use of examples, practical learning
9	Identify students weakness and let them know, we need feild visits, we need faculties to guid us.
10	Personality attention is quite low
11	Nothing i can think of now
12	Overall teaching is good no need to change.
13	Reduce the lecture hours
14	Please reduce the lecture hours. 3 hour lectures are too much instead of this take all subjects lectures in a day
15	Excellent
16	Maybe we could have more outward approach with other students
17	Some of the faculty is a little biast
18	Workshops, industry visit
19	Nothing
20	Should conduct workshop, industry visits
21	We would like teachers to send informative links for the software taught .
22	1) Slow teaching and teaching topic untill each student get understand. 2) Relating the topic with industry . 3) Taught or conversation in English language.
23	Teaching,communicating
24	More visual aids and industry experiences, Wi-Fi
25	Interacting with students.

26	Doubt solving sessions, short one day educational trips
27	Nothing as such!
28	To improve the management facility, Go give fast feedback of internship report, Inform early any important message
29	More visual aids, and better college infrastructure
30	Provide one completion lecture every week to complete assignment
31	More creative workshops
32	The process of internship is very slow. The management facilities can be improved .
33	1. Better infrastructure (wifi) 2. healthy communication
34	Wifi is much needed, Healthy communication
35	Communicating
36	Good
37	More industrial knowledge, arrange more field visits,
38	Facilities such as internet provision throughout college is required for research purpose.
39	Managing the assignment
40	industry visits
41	1) teachers should judge students based on their skills 2) more industrial experience 3) more 3d techniques. Introduction
42	Should give more time to complete work, college should atleast provide materials for inclass activities/workshops
43	More practical work and need industrial visit
44	Everything is good
45	Teachers should be punctual . More time to finish assignments .
46	Teaching process is overall better
47	More of Industrial visits should be done for better understanding.
48	1. Industrial visits 2. Campus placement opportunities
49	Give more time to complete the assignments and not in the end of semester.
50	Placements, industrial visits

51	No suggestions
52	NIL
53	One to one feedback.
54	More exqmples, giving enough time to learn about the topic
55	Elaborate more
56	For management subject need more examples while explanation
57	Be interactive to students
58	According to me everything is appropriate.
59	Wifi facilities in college
60	Seperate batches for theory subjects
61	Workshops should be kept more often
62	Nothing, everything is good .
63	Thank you
64	More verbal teaching rather than showing YouTube videos or PPT
65	Need More exposure towards international trends and markets
66	More practical learning
67	Teachers must be on time ,notes must be provided before the topic starts so notes can be refreshed n revised
68	Good response by the teachers during problem. Opt doubt-solving. Opportunity for improvement
69	Regular interaction
70	- Internship opportunities for jewellery design students - Information regarding the events and exams or any other important dates of college to be told well in advance so we can plan accordingly .
71	More efforts and time from the facilities, doubt solving, helping individually
72	please arrange workshop and academic tours keeping in mind JD department as well.
73	Not any
74	Not much
75	Not any
76	Not much
77	Please arrange academic tours keeping in JD department as well.
78	Teachers should come on time to properly utilise the given time
79	More workshops for JD students to be organised. Educational tour related to our course.

80	Not any
81	Visual more
82	It would be great if we could have industrial visits related to our subjects as it helps understanding concepts more
83	Academic trip including workshops, visits to historic places, museum related to jewellery department
84	Planned skillful workshop related to jewelry section. Please arrange academic tour for jewelry department as well.
85	Please arrange academic tours for the JD Department as well.
86	Industry visits
87	We could add more props and machines for interactive subjects like photography.
88	Discuss assignmet in the class before the submission date.
89	- reduce theory based learning wherever possible
90	More examples based on industry, more multi media learning
91	to provide learning material or notes regarding theory subject while teaching or immediately after finishing a certain block.
92	No embarassment while communicating with staff can easily ask questions and they answer very quickly
93	Nothing
94	Practical learning
95	Everything is going good no suggestions as such
96	Na

97	Space out the assignments rationally
98	Teaching should be more active using various methods of teaching. New aspects related to design should be include .more practical teaching related to fabrics and their process are needed.
99	Industry exposure to FC students
100	Improve Lift facility, more industry visits and practical workshops, field visits should be free as it is included in the fee structure
101	Industry visits
102	Industrial visits for fashion communication
103	1. We are not informed if the teacher is coming to class or not if they are not there for the leacture.
104	guidance related to post graduate studies, counselling for selecting the right field based on skills.
105	Industrial visits
106	Give equal attention to each student.
107	More Experimental learning than theoretical learning, more industrial visits,
108	Explain the content thoroughly ,
109	Nothing i can think as of now
110	Regular lecture, importance to co curricular activities, More field trips
111	Focus on weak students, stop partiality, give opportunities to shy kids, interact and get to know your class
112	Teaching of the design softwares more thoroughly.
113	Less focus on attendance, more focus on skill set.
114	1. Teach the softwares in a better and detailed manner
115	Counciling sessions regarding specialisation, less focus on attendance more on building skills

116	1. Informing assignment deadlines priorly to prepare for them.2. teach softwares properly and not in rush to just complete the syllabus. 3. Over commitment under delivery of all commitments given regarding sports and workshops.
117	Reviews for every assignments needed will the process is going on.
118	Teachers should be more considerate with submission dates
119	Suggestions- Can make the presentations interactive and interesting while teaching.
120	1 . Guidance from alumni who working in industry right now 2 . Language workshop
121	1. Need to improve - communication , management considering student's on going work .
122	Demonstration with regards to fabric rendering should be given
123	Rather than doing regular presentation the committee should reduce it
124	Use of more white board, less ppts, interactive session
125	Timings for lectures can be reduced .Teachers can teach more in a fun way rather than sticking to the topic throughly
126	Their should be a field visit more often in maharashtra state as there is allot to explore.
127	The learning can be more pratical.
128	Good sound system,
129	Good
130	For textile design students they should arrange field trips to solapur and in maharashtra state. As there is allot to explore here
131	Teaching was good
132	1. Concepts should be taught in more detail 2. study material should be provided as early as possible.
133	Proper utilisation of time
134	Good
135	Best College
