Salute India

Let's honor our armed forces,
The men and women, who serve,
Whose dedication to our country
Does not falter, halt or swerve.
Let's respect them for their courage:
They're ready to do what's right
To keep India safe,
So we can sleep better at night.
Let's support and defend Indian soldiers,
Whose hardships are brutal and cruel,
Whose discipline we can't imagine,
Who follow each order and rule,
Here's to those who choose to be warriors
And their helpers and true;
They're fight for Indian values;
They're fight for me and uh.
Jai Hind!

PATRIOTISM

History is our witness,
And martyrs are the god,
We are disciples of Gurus,
This land is saints' abode.
Compassion is our heritage;
In humanity do we trust?
Neither Hindu nor Muslim,
We all are Indians first.
When the entire world weeps in sorrow
India can wake up to a new tomorrow
The earth shall represent a beautiful dream
Every human face will have a beam
No tears will ever flow down again
For gone will be human suffer
I'd like to be the sort of person the flag could boast about;
I'd like to be the sort of person it cannot live without;
I'd like to be the type of person that really is Indian:

I'd like to be the sort of person the flag's supposed to mean,
The person that all in fancy see wherever it is seen,
The chap that's ready for a fight
Whenever there's a wrong to right,
The person in every time of need,
The doer of the daring deed,
The clean and generous handed person
That is a real Indian.
Proud to be Indian.

Event Name: Workshop on Self Defense

Organizing Bodies: Soft Physical Education Department

Place: Online

Date and Timing: 8th March 2021

Participant list: 1st & 2nd year students

Brief about Events:

On 8th March international Women's Day MKSSS School of Fashion Technology organizing a workshop on self Defense

The complete session reflects the immense importance of women power in the society. Self-defense and self-protection are an important priority for women. The most common crime to happen to a woman is assault .The majority of crimes are perpetrated by men who women know. Assault on women is also a common crime because assailants assume women will be more passive and not fight back; this

has to do with stereotypes of women. The best way for women to fight back against crime is to prevent it from happening by avoiding being alone or being in badly lit areas. However, getting into such situations is sometimes inevitable. Seeing this, the workshop was all about what to do in such circumstances and how to keep you safe in several situations.
